

MISTERCANOEHEAD

UTENSIL ROLL-UP

Material needed:

Cloth: 20" x 20"

1/4" Ribbon:

2 pcs @ 6" for hanging loops

1 pc @ 30" for ties

Method:

- 1/4" roll seam the cloth on all sides
- pin and sew the sides (A) and pockets (B)
- sew across top of "no pocket" (C)
- sew the hanging loops and ties (the ties should be just above halfway to the fold line)

NOTE:

This pattern is a template only. You may have to adjust the measurements based on your utensils. As well, grommets were used on the original for hanging and attaching the ties. Sewing the loops and ties is probably better in the long run
